Program Overview

The Certified Relationship Coach Program has an extensive curriculum that includes twelve (12) e-learning courses offered to adults over 21 years of age by Loveology University®. Each course includes a combination of narrated video presentations, instructional videos, training videos, instructional audios, eBooks, and a multiple-choice quiz, to help review what you have learned. This combined material represents the entire Relationship Coach program at Loveology University® which entitles graduates to receive a Relationship Coach Certificate, so they can pursue a career as a relationship coach/expert.

The Relationship Coach Program, as with all LU programs, is self-directed, so students may learn at their own comfort level and work at their own pace as their schedules provide.

All materials, quizzes, exams, and certificates are available online 24 hours a day, 7 days week, so it accommodates everyone's needs. Depending upon existing knowledge and time commitment, past students have completed the program in anywhere from two weeks to six months.

Students must pass each course quiz plus the final twenty-five (25) question exam at the end of the program to receive a certificate and officially obtain the title of Certified Relationship Coach.

After completion, each Loveology University® student maintains their full profile with access to the program. It is always available for students to return to for further studying or review whenever and wherever they want it. **Furthermore, if students wish to upgrade to the Master Sexpert or Certified Love Coach program, they can do so at any time.**

Objective

The Relationship Coach Program is intended to provide information that enriches romantic relationships to empower singles and couples with the education they need to improve their love lives. Relationship Coach certification gives people the skills and confidence necessary for dating and relationship success. You can start a new relationship coaching business or add on new skills to an existing coaching business. Either way, you'll have the freedom to design a career you love!

Prerequisites & Materials

There are no educational or experience prerequisites to register for this course, as long as you are at least 21 years of age. However, it is essential that you have internet access and a dependable computer. Loveology University® does not provide hard copy materials for students, but all multimedia course presentations are available as PDF downloads. The course can be accessed from any computer or mobile device, but we ask that you do not share our curriculum with anyone else other than a student in the same course or program.

To participate in the program, you will need a computer or tablet with the latest version of your preferred browser, and a broadband internet connection.

Study Recommendations

Loveology University® utilizes different techniques for all portions of the curriculum to address everyone's study style, so that you can study smarter, better, and faster. This is why we have created auditory, visual and hands-on work to better improve the quality of your studies. We suggest **creating your own study guide** when reading, watching, or listening to the curriculum as it is helpful to do so actively. For example, create an outline of the Individual Courses using the table of contents as the main subjects of focus. As you read along, determine what the main points are of each section so that you can better grasp what each course is aiming to teach you. You can also use our PDF handouts to follow along. Each multimedia course presentation is available in a PDF 'slide show' format. This allows you to study more with less time.

For students who need personal mentoring to help prepare for the exam, we have that available with Tamara Bell, who graduated in 2008 and she's available to mentor during the program and after the program with your career goals.
